Other alternatives in order to obtain finances or any help/donations of any kind are the collaboration of the schools with government or non-governmental organization or institutions, sponsorships from local businesses, funds raisings based on educational activities like: contests ( sport, literature, mathematics,.....), expositions (on sail) of different crafts made by the students .....

#### Materials /Facilities / Actions

A great benefit for the roma students are the educational materials, the availability of laboratories and school and after school organized activities. We can mention:

- School supplies for different activities
- Craft materials
- Laboratories
- Workshops, projects and experiments
- Audio/video/dvd/computers...equipment and the resources (audio/video tapes)
- Social activities - visits to the orphanages, hospitals, houses for elders,...
- Activities in the benefit of the society like: cleaning the neighborhood that we live in, volunteering in activities under ecological foundations or institutions, ...helping the poor (donating small amount of money/school supplies /clothes /shoes/.....  
For the students from the rural schools)
- Raising funds activities: selling made by hand crafts - post cards for Christmas, Easter, ..or other occasions, sport championships - money from the tickets can be used for educational activities or to help the rural schools, or the poor...
- Educational programs for professional orientation that involves the participation of people from different domain: doctors, drivers, manager, secretary, farmer, veterinary, soldier, police officer, IT administrator, administrator, sales man, guide, ....and visits on the work field. This variety of professions need to be chose according with the job market in the area and the vocational training that the students have or are involved in.
