To get to Fundación Secretariado Gitano headquarters, the best option is to take the train Cercanías from ATOCHA train station. The closest station is EL POZO. This station belongs to line C2 (direction Guadalajara) or C7 (direction Alcalá de Henares). Trains usually leave from platform 3.

Once you arrive to the station EL POZO, look for the exit *C/Felipe de Diego*: get out of the station and go to your left to cross under the rails until you find some stairs to your left. Go up and cross the traffic light you find in front of you. Turn left and follow the street you will find on your left and in diagonal. Walk for aprox. 150 meters and you will find FSG entrance to your right (see picture below). Follow the trail marked in the map above).
